Distribution: CG Rating 2015

Mean value of CG Rating scores for 07/2015 was 58.1.

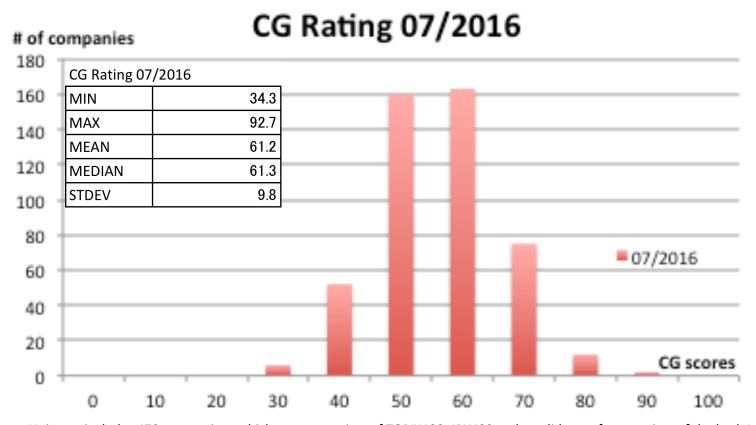

Universe includes 455 companies, which are composites of TOPIX100, JPX400 and candidates of composites of the both Indices.

This report is for information purpose only and is based on current public information that we consider reliable, but we do not represent it is accurate or complete, and it should not be relied on as such. Although we seek to update our research as appropriate, the contents may be different from the most recent fact as the report is published at irregular intervals as appropriate. This research is not an offer to sell or the solicitation of an offer to buy any security in any jurisdiction where such an offer or solicitation would be illegal. It does not constitute a personal recommendation or take into account the particular investment objectives, financial situations, or needs of individual clients. The price and value of investments referred to in this research and the income from them may fluctuate. Past performance is not a guide to future performance, future returns are not guaranteed, and a loss of original capital may occur. The author of this report is not in relation of serious conflict of interest with the reported company.

Distribution: CG Rating 2016

Mean value of CG Rating scores for 07/2016 were 61.2. Mean value of CG score improved 3.1 points for the year

Universe includes 470 companies , which are composites of TOPIX100, JPX400 and candidates of composites of the both Indices.
